2016-2017 Free Application for Federal Student Aid (FAFSA)  
Worksheet for Question 23

Name______________________________________________  SSN___________________________________

This worksheet is being sent because you left question 23 blank or you reported that you had a conviction for possessing or selling illegal drugs on your FAFSA. This worksheet must be completed and returned for you to receive aid.

Use this worksheet to determine the answer that should have been entered in question 23. Your answer to question 23 may affect your eligibility for federal student financial aid.

“1” means your eligibility for federal student aid is not affected by question 23.

“2” means your drug conviction(s) affect eligibility for federal student aid for part of the school year. See “eligibility date” from question 11 on this worksheet. You can become eligible earlier in the school year if you complete an acceptable drug rehab program. You may still be eligible for state and school aid.

“3” means you are not eligible for federal student aid for this school year unless you complete an acceptable drug rehab program. You may still be eligible for state and school aid.

If you are convicted of possessing or selling drugs after you submit your FAFSA, you must notify the financial aid office at your school immediately. You may lose your eligibility and, if so, must pay back all aid you received after your conviction.

On this worksheet count only federal or state convictions. Do not count any convictions that have been removed from your record, or occurred before you turned age 18, unless you were tried as an adult.
